

INK JET FILM POSITIVE OUTPUT

Print sharp, opaque films from your art files.
Each system bundle comes with RIP, Ink, and Film .

Utilizing multiple black ink modes, this innovative solution optimizes black ink density for all various media types, dramatically improving print quality and image contrast. In addition to film positives, it prints on many different materials, in roll or cut sheet.
CONTACT US FOR WIDER FORMAT PRINTERS,, ALTERNATE INK SYSTEMS, AND MEDIA.

+ Software RIP

Accurate and efficient way to easily output half-tone pattern art separations. AccuRIP is also multi-platform: Leopard, Tiger, Vista, and XP compatible. No dongle required.

+ All-Black Ink

The All-Black ink cartridge system is available for certain printers as a high efficiency upgrade for best ink quality & mileage

+ Output Film Positive

4-mil thick polyester film produces a high level of ink opacity and durability with Jet Black Dye Inks and OEM Inks, too.
