

INK JET FILM POSITIVE *FAQ's*

Choosing between Kimoto SC-4, UC-5, and GoMedia dMax4 clear ink jet printer films

Why are there three films to choose from?

They allow for different inks and the quality level vs. price.

How do I find out what ink system my printer uses?

Consult the chart below for a general guideline.

What if I don't use an Epson printer or mine is not listed?

AST provides test samples of all three for best evaluation.

Can I use Laser Film in my inkjet printer?

No, it's specially treated for Laser Printers. The opposite can be disastrous.

What do I get with the higher priced film choices?

Generally, a faster drying and "waterproof" film with excellent durability.
