

## LIQUA-PREP

## Fabric Degreaser / Mesh Prep

### GENERAL DESCRIPTION

**LIQUA-PREP is designed for degreasing new or used fabrics of all types. This product has excellent wetting penetration characteristics which will leave the fabric free of all oils and contaminants. It safely controls water hardness, cleans all residue left on the mesh, and creates a powerful "sheeting" action that reduces pinholes. Can be used in concentrated form or diluted up to 1:3 with water. The most highly recommended dilution is 1:1.**

### ADVANTAGES

- Easy to use.
- Safe on all types of mesh.
- Non-flammable.
- Biodegradable.
- Drain acceptable to a treatment plant, after soil release, when used as directed.
- Non-Photochemically Reactive.

### Application

#### Quick Tip:

**Be sure to Flood rinse the screen well. In this step, it is important to think of high volume and not high pressure water.**

*1) After removal of ink, block-out, and emulsion, apply Liqua-Prep to the screen (both sides).*

*2. Scrub screen with non-abrasive pad or brush. Let dwell 1-2 minutes.*

*3. Flood rinse the screen starting at the top and washing all residue off the screen.*

### Packaging

1 quart

1 gallon

5 gallon Pail

55 gallon Drum
