## STANDARD FEATURES

### DESIGN AND CONSTRUCTION

- Double bearing registration locks to ensure the utmost print quality when running multi-color jobs
- Heavy-duty steel frame and roller bearings to support quick and smooth operation
- Conical gusseting system provides uniform pallet arm support to prevent the pallets from flexing or twisting. When printing, it is important that the pallets are unyielding to the squeegee pressure
- 100% tool-less setup and operation
- Ergonomically engineered to be user-friendly

### PRINT HEADS

- "All Heads Down" feature allows you to print any color from any print head on any pallet
- Print heads have an adjustable, spring-guided tensioning system; no lubrication required
- Off-contact and screen pitch adjustments are located on each print head

### PALLET SYSTEM

- 16" by 22" rubber coated aluminum screen printing pallets
- Quick release or slide style pallet change system  
Adjustable side screen clamps
- Four-point pallet leveling system
- Swivel feet on screen clamps to prevent movement while tightening

### TWO-YEAR LIMITED WARRANTY
