

NEW LED SCREEN EXPOSING UNIT

Powered
by LDTronix

**NEW E-SERIES
EXPOSING UNITS**

**Makes Metal Halide Units Obsolete!
3- to 10-Times Faster than Fluorescent Units!
Only from VASTEX!**

- **50,000 to 100,000 hour LED bulb life—longer than most careers!**
- **Eliminate \$200 to \$400 metal halide bulb replacements every 6- to 12-months +/-**
- **Speed and detail equivalent to the best metal halide units**
- **3- to 10-times faster than fluorescent units**
- **Instant start: Saves time**
- **80% lower electric bills than metal halide units, 60% less than fluorescent**
- **Predictable results: no cycle-to-cycle light variation**
- **Cool operation: no dangerous high voltage power supplies, no shutters**
- **Upgrade your old fluorescent or metal halide unit (any brand) with a Vastex LED insert**
